TOP SECRET

2 May 1951

25X1

Hear Admiral Felix Johnson Director of Mayal Intelligence Department of the Havy Washington 25, D. C.

Dear Felix,

The situation new appears to be well in hand, and our representative in has been instructed to give the matter first priority. He will commit with the representatives of the military services and the State Department in this matter, and will attempt to secure jobs and satisfactory living conditions for these people. We are investigating the report that the police have been engaging in extertion.

these defectors are some that in an effort to assist the army. They are a group of Assistans who had spent a considerable period of time in the European Command Intelligence Center at and were pretty badly disaffected even before going to

Paithfully,
